Meet me in the Arlington Park
parking lot at 2560 Waldemere St.

I always arrive a few minutes early and have my camera set up on a tripod beside my car, I should be easy to spot.

You do not need to be early, as we have set the time of your session for the best natural light. You, of course, do not want to be late either, as the sun waits for no one.

Meet in the parking lot!
