Scott Hime

Fellow Harbor Dr.  
south until it dead  
ends at this sign  
and park in the  
parking lot to the  
left. I will meet  
you in the parking  
lot.

I always arrive a few minutes early and have my camera set up on a tripod beside my car, I should be easy to spot. You do not need to be early, as we have set the time of your session for the best natural light. You, of course, do not want to be late either, as the sun waits for no one.

Meet in the Beach Access parking lot!

Do not go on out to the beach.
